Languages: Fluent in English and Spanish

Certifications/Badges: TestOut Fundamentals IT Pro, Snowflake Hands on Essentials - Data Warehouse and Data Applications

PROJECTS

Franco's Folio | Portfolio Website | alysonfranco.github.io/portfolio.html

Designed and developed a portfolio website to showcase my skills, projects, and resume to potential employers and clients.

- Utilized HTML, Bootstrap, and Sass to design and build an aesthetically pleasing and responsive website.
- Employed Sass for efficient CSS preprocessing and to enhance code maintainability and organization
- Included sections to highlight my skills and projects and included interactive components encourage user engagement

Dealership | Database

Implemented a comprehensive dealership database using MySQL as a project during a Database Concepts course. Featured on GitHub.

- Gained hands-on experience in data management by developing the database schema
- Utilized normalization techniques to reduce data redundancy
- Executed complex SQL queries and stored procedures for data manipulation and analysis
